

## Costa Mesa Advisory Board

Costa Mesa faculty hosted their Advisory Board meeting on March 22, 2018. They had representatives from school districts in Orange County, graduates of NU, and adjuncts. There were lively discussions in small groups touching on a wide variety of topics.

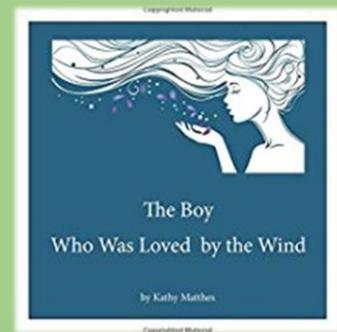

## Sanford College of Education

Faculty members attended the National Social Science Association Conference on March 25-27, 2018. In attendance were Drs. Marandos, Mbuva, Randall and Saltinski.

## Congratulations!

Kathy Matthes, one of our fine core adjunct faculty members, has just published a children's book.

## Career Fair

On Thursday, March 22<sup>nd</sup>, Spectrum Campus hosted a teacher career fair. There were 21 districts in attendance, and 130 of our alumni and current students attended. Career fairs are being hosted throughout the state this month. Please send information about your center's career fair to [delder@nu.edu](mailto:delder@nu.edu) for Deans' Digest. Thanks to Anne Mandel, Director of Career services, and her staff for hosting these events for our alumni and students.

## Better Together Special Event

Hosted by: Sanford College of Education

Teachers from across San Diego county and Tijuana gathered at the Spectrum Park Campus to learn about personalized learning and leadership skills. Joanna Murray-Eagan, Desiree Wilson, and Caylin King from Vista Unified, shared Information on innovative and effective instructional classroom practices. Participants heard directly from middle school students about their experiences. The Colleague Circle after the talks gave participants opportunities to reflect and to share their thoughts. The Edcamps, led by Dr. Cynthia Chandler, and facilitated by SCOE faculty, focused on topics that resonated particularly with current teacher practice and gave participants a rich opportunity to share ideas. As a culminating experience, participants left with a Plan of Action for how they will demonstrate leadership in their schools and classrooms and implement what they learned at the event.
